Subject: West Lake: revised draft action memorandum

Team,

I have revised the enforcement action memorandum for the time-critical removal action (subsurface barrier installation, EPA oversight and air monitoring) at West Lake and placed it on H, in the Subsurface Oxidation Event folder, filename "Draft Action Memo for subsurface barrier.doc". There are several areas where additional details are needed and policy questions should be addressed, as follows:

Ex. 5 - Deliberative

Sincerely,

Daniel R. Gravatt, PG
